WHAT'S NEW THIS ROUND?

At Spa, Dunlop will support four Formula EWC teams which include the No. 37 BMW and new KM99 Yamaha, amongst others.

Since 2022, Dunlop has also been the sole tyre supplier for the Superstock World Cup, and so will supply tyres for all 21 entered teams at Spa.

Dunlop will bring 2500 tyres to Spa with a team made up of six track support engineers working directly with every team, and two teams of seven tyre fitters working in shifts throughout the race.

LAST YEAR'S WINNERS

With the event taking place for the first time last season, the winning standards set by #37 BMW riders Markus Reiterberger, Ilya Mykhalchyk and Jeremy Guarnoni in Formula EWC, and #94 Yamaha riders Johan Nigon, Enzo de la Vega and Lukas Trautmann in Superstock are being targeted by the teams and riders up and down the pitlane.

Spa-Francorchamps is one of the classic race circuits beloved by riders and spectators alike, where today the true essence of speed can be explored in spectacular style on a relatively safe and modern facility.

With its mix of long straights and challenging fast corners, Spa allows riders to push their bikes to the edge of their capabilities – if it's dry, that is.

The size of the track and the nature of Belgian weather means it can sometimes be raining on one part of the track and dry on another, meaning grip can vary from one corner to the next.

Arguably the most famous corner in the world, Eau Rouge is exhilarating for the riders as they skillfully flick left, right and up the hill through Raidillon.
